

Job Analysis and Evaluation Workshop

Why Attend

Any HR professional would agree about the pervasiveness of the job description as a fundamental tool omnipresent in each and every HR process. Writing a job description is both an art and a technique. In this workshop you will learn how to conduct a thorough job analysis in order to write a comprehensive job description focused on the key result areas of the job. You will also realize that organizations pay for jobs not individuals; that is why, as an HR professional you have to use job descriptions to evaluate jobs objectively and determine their relative values to the organization. We will provide you with the principles of job evaluation and guide you in applying the Meirc job evaluation system which is widely used in the Gulf region.

Course Methodology

This course follows a workshop style where participants will be working all the time conducting job interviews to analyze various jobs, writing the corresponding job descriptions and then applying the Meirc job evaluation system to evaluate them and grade them.
